

## 2024 Driftless Area Ag Alliance Member Conservation Practice Survey

Driftless Area Ag Alliance (DAAA) requests current and future members take this brief survey to understand what conservation practices are being done on the land and to track our group's progress. **Identifying member information will remain confidential** and only aggregated results will be shared publicly. This information helps us report progress and the impact we are having to organizations that provide funding to our group for activities and also share our progress with our community.

**\*\*\*Surveys must be completed by December 1<sup>st</sup>.**

Please place a check mark in the column most applicable to you and your farm and **if you are using a tool or practice, please let us know how many acres that practice is used on**. If you have any questions while completing this survey, please email Emma Templeton at [etempleton@farmersforsustainablefood.com](mailto:etempleton@farmersforsustainablefood.com) or call (608) 576-3957.
